# Kindergarten Survey

This is a preliminary survey to determine the number of five-year-old children residing in school districts in Alexander County.

A child must be five on or before August 31 in order to enroll in public kindergarten. He/she should also have complied with the current Immunization Laws of North Carolina.

Please complete the following information and return it to your child's school promptly. You will be notified in the near future when to attend a Kindergarten Screening in your school.

Thank you for your cooperation. We are looking forward to having your child enroll in school next fall.
